

## **Progress Report on Unit Standards for Travel Level 3**

The 18 unit standards that were submitted to NZQA have now completed initial evaluation. NZQA are really on top of things, the unit standards were submitted Monday 08 December 2008 and were received back into the ATTTO office on Friday 09 January 2009 – so initial evaluation only took a calendar month and that included the Christmas and New Year break!

The unit standards required a small amount of rework before being submitted to NZQA for compliance (they were submitted to NZQA on Friday 23 January 2009). NZQA have acknowledged receipt of the application and advised the compliance check should be complete by Wednesday 18 February 2009. If the application is found to be satisfactory, a recommendation for its approval will be made on Thursday 19 February 2009. If approved the unit standards will be published on the NQF Tuesday 10 March 2009. This means the qualification can be submitted for initial evaluation at the end of February, beginning of March.

We will continue to keep you updated.
